FOLD100

120KG CONSEALED BI -FOLDING SYSTEM

SPECIFICATIONS

- Equal Size Panels

- Max Panel Weight 120kg

- Max Panel Height 3900mm*

- Max Panel Width 1000mm

- Min Panel Thickness 38mm

- Easy adjustment

- "One Pass" router for Flush Bolts

- Patented system - reduces inventory and improves weather sealing

- Heavy duty machined hinges

- Exclusive 10 year warranty

*Panels exceeding 2400mm recommended use of a pivot snubber

TOMMA

A MAMMOTH INDUSTRIES COMPANY

Mammoth Industries is a privately owned company with our origins in Melbourne Australia. Our company is a leading producer of Rolling, Folding and Stacking systems throughout a number of different industries across the globe. The key to our success is our ability to listen to our client's needs and take an innovative approach to product development, through to engineering and then on to manufacturing. This approach gives our client's a finished product that is easy to use, well-functioning and of a superior quality.

Craig Lang, Managing Director and Founder of Mammoth Industries says, "Having worked in the industry for many years I could see the way that manufacturing was rapidly changing and realised early on the only way to keep in front, and offer our client's the best solutions would be to partner with some of the leading manufacturing facilities around the world. Each of these companies have their own unique capabilities allowing us to access all the latest machinery and manufacturing methods available today. This manufacturing principle combined with our leading engineering and design team enables us to offer our clients the best solutions for their applications and not just the best solution based upon what products are available. I'm proud of the fact we have built an enviable reputation for quality and reliability and now have established long term clients throughout Australia, North America, Europe and Asia. We believe by working with our company and utilising our 100 plus years of design and industry experience we are able to offer your company a competitive edge in your chosen working environment. We listen, understand your needs, offer solutions and become a partner in helping your business to grow."

*Mammoth Industries will "make your ideas move".*
